SKILLS

- | | | |
|--------------------|-----------------------|---------------------------------|
| – <i>HTML</i> | – <i>JavaScript</i> | – <i>PrimeNG</i> |
| – <i>CSS</i> | – <i>(ECMAScript)</i> | – <i>Angular Material UI</i> |
| – <i>SCSS</i> | – <i>TypeScript</i> | – <i>Micro frontend</i> |
| – <i>Bootstrap</i> | – <i>Angular</i> | – <i>Git And GitHub</i> |
| – <i>Tailwind</i> | – <i>AngularJS</i> | – <i>Linting and Formatting</i> |
| – <i>jQuery</i> | – <i>RXJS</i> | – <i>CI/CD</i> |
| | – <i>NGRX</i> | – <i>Agile Development</i> |

EXPERIENCE

Senior Frontend Engineer | e& UAE, Cairo, Egypt

Oct 2025 – Present

- **e& UAE e-shop** (Angular, Java Spring, MFE, RxJS, NgRx, SSR)

- One of the MFE team responsible for revamping the e-shop B2C part from legacy MVC Angular.js to the latest version of Angular MFE, improving scalability and modularity.
- Worked on the Backend-for-Frontend (BFF) layer using Spring Boot to combine multiple backend services and provide a single optimized response to the frontend.
- Implemented SSR on some pages to improve SEO, user experience, and initial page load.

Frontend Engineer | ACUANIX, Cairo, Egypt

Sep 2024 – Oct 2025

- **G-Sense** (Angular, RXJS, Bootstrap, SASS, PrimeNG, NGX-Translate, chart.js, WebSockets)

- Setup project structure and convert Design System into reusable SASS code.
- Established a real-time WebSocket connection with the backend to receive up-to-date Glecousse readings.
- Integrated RESTful APIs and visualized data through interactive charts for user reports.

- **GeoInTime** (Angular, RXJS, Bootstrap, SASS, Angular Material, NGX-Translate)

- Utilized Agile methodologies in cross-functional teams to deliver high-quality solutions.
- Collaborate with cross-functional teams to define and design new features.
- Improved application performance through code optimization and refactoring.

Frontend Engineer | Midtown, Riyadh, Saudi Arabia (part-time)

Jul 2024 – Jan 2025

- **Rubble** (Angular, RXJS, Bootstrap, SASS, Prime NG, Esri Map, d3.js, formly form)

- Dealing with Esri map to display the rubble details on the map and draw layers of custom objects on it.
- Used d3.js to create reports that display the details of the rubble removal process.
- Ensure code meets coding standards and best practices.

Frontend Engineer | Spatium Software, Assiut, Egypt

Dec 2023 – Sep 2024

- **HR System** (Angular, RXJS, NGRX, Bootstrap, SASS, Prime NG)

- Follow best practices for project structure and performance optimization to get scalable and high-performance project.
- Managing the state using NGRX.

- **Content Management System (CMS)** (Angular, RXJS, NGX-Translate, Bootstrap, SASS)

- Upgraded Angular and dependencies to their latest versions.
- Optimized the performance of the app by decreasing the bundle size and time for rendering.

INTERNSHIPS

Front-end Developer (Intern) | Wony, Cairo, Egypt

Jul 2022 – Sep 2022

- Gained practical experience in front-end technologies such as HTML, CSS, JavaScript, SASS, and Bootstrap.
- Learned how to use version control within a team, communicate with the backend team and UI/UX team, and manipulate the data coming from the backend.

Summer Training Diploma - ITI

Jul 2021 - Sep 2021

120 Hours Training on Front-end Development

- Learning Front-end development fundamentals HTML, CSS, JavaScript, jQuery and Bootstrap.
- Deep understanding of Angular and RXJS.

EDUCATION

Faculty of Computers and information, Assiut University

Sep 2018 - Jul 2022

Bachelors Degree in Computer Science

Assiut, Egypt

GPA: 3.11 / 4

VOLUNTEERING AND ACHIVEMENTS

- **Mentor and Trainee at ICPC Assiut Community**

- Mentoring college students and improving their programming skills by teaching them coding and concepts such as data structures and algorithms. This prepared them to compete in programming competition

- **Participated in the ICPC Upper Egypt Collegiate Programming Contest twice**
